**South Valley Services Earns Charity Navigator's 4-Star Rating and
GuideStar's Platinum Seal of Transparency for Second Consecutive Year**

South Valley Services (SVS) has again earned a 4-star rating from Charity Navigator, the largest independent evaluator of nonprofits in the United States. SVS also received GuideStar's Platinum Seal of Transparency, the highest level of recognition from Candid, a trusted source for nonprofit data and insights.

These honors recognize outstanding financial health, accountability, transparency, and operational excellence. Earning both distinctions for the second year reflects SVS' continued commitment to ethical practices and effective stewardship of donor contributions.

"We're honored to be recognized again by Charity Navigator and GuideStar," said Rob Roake, development manager for South Valley Services. "These distinctions reflect our team's dedication to our mission and the trust our supporters put in us."

Charity Navigator provides data-driven analysis to help donors make informed decisions. Its Encompass Rating System evaluates nonprofits in four key areas: Impact and Results, accountability and Finance, leadership and Adaptability, and Culture and Community. A 4-star rating, the highest award, signifies that South Valley Services exceeds industry standards and performs among the best in its field.

GuideStar, part of Candid, is a widely used platform that provides detailed information about nonprofit organizations. The Platinum Seal is its highest level of recognition, highlighting South Valley Services' commitment to transparency by sharing extensive metrics on goals, strategies, and progress.

These trusted ratings help ensure donors can give confidently, knowing their support is driving measurable, mission-driven outcomes.
